

**weta**  
Fun. Fast. Easy.

## 4.4 Trimaran

# **WETA** is the premier family multihull taking the US by storm

Conceived and designed in New Zealand, over 1,200 Weta Trimarans have been sold worldwide. Hand-crafted – this is no “machine-built boat” – the fibreglass/carbon composite construction delivers the perfect pairing of rigidity and light-weight performance. Expertly made for maximum enjoyment and minimum fuss, whether you’re sailing all out and solo, mixing it up with the family or teaching the kids to sail, the Weta is simple to sail, surprisingly quick, and an absolute tonne of fun.

Fun, fast and easy, there is nothing better than a Weta!

## Key Features

**Compact design** - The Weta packs down to the footprint of a Laser on a custom fit lightweight beach trolley

**Fast and easy setup** - Lightweight and simple, rig and launch by yourself in 20 minutes

**Versatile** - Sail solo or mix it up with the family

**One class design** - Weta has a strong base of racing fleets across the world

*"It's quick, solidly built, incredibly stable and forgiving, and easier to rig than a laser. When it comes to the fun meter, the Weta has it pegged" - [Sailing World](#)*

# Specifications

Length	14'5" / 4.4m
Beam	11'6" / 3.5m
Beam folded away	5'7" / 1.7m
Hull material	Fibreglass/foam
Weight Main Hull	159lb/72kg
Weight Float with Beam Frame	40lb/17kg
Sail area Main	89sq ft/8.3sq m
Sail area Jib	34sq ft/3.2sq m
Sail area Screecher	86sq ft/8.0m
Beam Frame	Carbon
Mast	Carbon 2 piece
Rudder Stock	Carbon
Rudder Foil	Carbon
Centreboard	Carbon
Hardware	Ronstan
Sails	North Sails
